

Grades 2-4

Teacher: Michele Canonica & Lori O'Neill

Topic: Christmas Around the World

Technology Devices Needed: Internet

LoTi Level: 2

Directions: Classes were partnered together and each student was given a country that celebrates Christmas. Each student had to find the name of the "gift giver", how to say "Merry Christmas" in that language, the date celebrated, special foods, and any other interesting information was gathered. Students then wrote a paragraph and colored a picture to represent something from that country. A book was assembled and each student received a booklet with all of the countries.
