- What are you going to do?
 - Visit the Smithsonian National Zoological Park website
- How will I get there?
 - Type <http://natzoo.si.edu>
- What do I do when I get there?
 - Follow the steps below:
 - Click on an animal picture
 - Click on Facts (*left side of screen*)
 - Find out the following information and write it down on paper:
 - Where do they live?
 - What do they eat?
 - How big do they get?
 - What do they like to do?
- Click on photo gallery (*left side of screen*)
 - Scroll through pictures
 - Choose 1 picture that you would like to print
 - To print, go to File, Print, then click OK
- Take the information that you found out about your animal and write complete sentences. Put all sentences together to make a paragraph. Remember that all sentences begin with a capital letter and have an end mark. Also remember that neatness counts and so do spaces between words.
