Title: New Jersey's Regions Kidspiration Project

Grade Level: 4th grade

Objectives/Directions:

- **Objectives:** Stud. will better their understanding of New Jersey's regions by creating a diagram on Kidspiration illustrating the regions and their specific characteristics & features.
- **Directions:**
 - During learning of NJ's regions, stud. will take notes of the various features and special attributes common to each region.
 - Teacher will give students brief overview of how to navigate Kidspiration.
 - Teacher will show students an example of what is expected of them (attached).
 - To Start: Click on *Kidspiration Icon*
 - Click *Social Studies*
 - Click *My Community*
 - Delete the boxes labeled #1 & #2
 - Change *My Community* box to New Jersey's Regions & insert a picture of New Jersey from the picture toolbar on the left side.
 - Label each of the boxes with one of NJ's regions.
 - Inside each box students will insert a picture & label that illustrates something found in the specific region. Stud. will do this 3 times for each of NJ's region.
 - When finished, students must insert a box with their name.

Technology Devices necessary: Kidspiration
